## Matthew Eagle — Proud Boys, Identity Evropa

On 17 Sep, 2019 By fashfinder With 1 Comment

Meet Matthew Wyatt Eagle, the cheese Nazi of Granbury, TX, who is also in the Proud Boys AND Identity Evropa. Eugene Antifa discovered he entered the discord server with his full name based on the Unicorn Riot leaked IE chats. Not a wise decision.

Howdy, name's Matthew from Texas. Just got interviewed and accepted by Sean.

Matthew is a likely heir to Eagle Mountain Farmhouse Cheese (EMFC) – the company his father founded after a long career in law enforcement and where Matthew is employed. His father, Dave Eagle, is also the County Commissioner of Precinct 4 for Hood County: [Hood County Website – Dave Eagle](#)

Matthew hasn't wasted a moment indoctrinating his children to hate in plain sight. There is no shortage of racist dog whistles and standard alt-right trolling material decorating his FB profile.

The Eagles like their cheeses how they like their people: European only. Their website can be found here: <https://eaglemountaincheese.com>. We wonder if the “farmers markets, high-end cheese purveyors, and finest chefs in Texas” that sell this Nazi cheese to the public are aware of what they’re supporting? Probably not! It’s also not entirely clear whether EMFC has a partnership with TX grocery giant **H-E-B**, where Matthew’s wife works as a Cheese Shop Specialist. Very progressive of Matt to let his wife work so closely with non-European cheeses!

Lucas Eagle, learning the art of making cheese from his dad, Matt. Our cheese is certainly a family affair, from our family to your family.

Hard to imagine fascists could ruin something so perfect as cheese, and yet here we are. You hate to see it. Contact: [@HEB](#) 817-579-2500 (Granbury, TX) [@CentralMarket](#) C&J: 817-579-8077. We did leave more direct information to the regional HEB office above.

We need a massive push, so let them know something's rotten in Eagle Mountain.

TO FASCISTS

t s way past time for discussion Oppressive beliefs are not "differences in political ideals" they are differences in moral ideals Speech against marginalized groups is the inciting of violence so we treat your speech as violence The government cannot speak out against you for speech but we can in our own way
